

End the Care Crisis: Lobby 2012

Save the date!
Tuesday 6th March 2012
in London

- Our care system is broken and needs urgent reforms. Older and disabled people are going without essential care, and you and your families often face catastrophic care bills.

In April the government is due to publish its plans to reform the social care system. We need to put pressure on our MPs to make sure that they act now to reform our social care system

We need your help!
